

8000-A Grill LED Grill Strobe Light Kit

Wolo's innovative 8000 LED Grill and Surface Mount Strobe Light Series offers a unique solution to safety warning lighting needs.

Our innovative controller allows for changing the flash pattern from the drivers seat without complicated programming or removal of the light head.

Sealed quick disconnect connectors make installation quick and fool proof. This low-profile system that can easily be installed in a grill or any body panel.

The Kit includes 2 LED strobe lights, a switch controller, mounting brackets and everything needed for a professional installation.

The Expansion Pack easily adds an additional 2 LED strobe lights for a total of 4 lights. The system comes pre-wired so whether using 2 or 4 LED lights they will be synchronized.
